

SignSecure RNotary

Your Online Remote Notarization Partner!

SignSecure RNotary will match you with a nearby notary public to notarize your documents remotely, so your business can get important documents, files, and contracts notarized without the need to leave the safety of your home or office.

With the Supreme Court allowing for the remote notarization of paper documents, SignSecure RNotary makes the notary process quick, efficient, and safe for you. We'll cover your remote notarization needs so that you can get business done in the new normal!

How It Works

STEP 1:

Book a schedule

with a nearby notary public from our pool of certified RNotary providers

STEP 2:

Securely send document

to notary public through our partner courier service

STEP 3:

Notarize document remotely

through SignSecure RNotary's integrated video conference workflow

The Smart, Safe Way to Notarize Remotely

With **SignSecure RNotary**, you'll get:

- Notarized documents without making a physical appearance at a notary public's office
- Registered RNotary pool to match your location, to ensure notarial validity
- Secure transfer of documents between you and the notary public through our partner courier service
- Facilitation and integration of secure video conference tools, plus video capture for the remote notarization process
- Status tracking of the document
